Sample itinerary

Day 1: Arrive Kenya

Our ground team in Kenya will meet you right when you walk off the plane at Nanyuki Airstrip. Transfer to Ol Pejeta Conservancy, the largest black rhino sanctuary in East Africa, and into our tented lodge accommodation at Ol Pejeta Camp. Relax, sleep and get accustomed to the jetlag. (Schedule may vary due to flight arrival times)

Day 2: Ol Pejeta Cycle Safari

Breakfast at your discretion. Bike check, bike sizing, riding brief and cycle out of camp into Ol Pejeta viewing the endangered Northern White Rhino and all the spectacular wildlife that Ol Pejeta is famous for. With plenty of time to acclimatize to the 2000m altitude, Mt. Kenya shines to the East and to the North and West Laikipia peels out through classic African landscape. End the day with a late afternoon and evening game drive on Ol Pejeta.

Day 6: Canyon in Ngare Ndare Forest

It's a winning combination: beautiful spring water fed rock pools surrounding by towering trees and cliffs, waterfalls up to 30 metres set in a pristine forest setting. This is one of our best activities and takes place in one of Laikipia's most private and beautiful forests, Ngare Ndare. Here we do a series of water jumps into the turquoise water, followed by abseiling through a waterfall. A brilliant day out with levels of challenge for everyone.

Day 4: Bike Safari on Mt. Kenya

After initial technical training you head off to Mt Kenya for the ride of a lifetime! Our 35km loop runs from Nanyuki Airfield with technical trail riding, rock drop-offs, river crossings, boulder hopping and fast switchbacks through the beautiful Mt. Kenya forest. There are tracks to suit all levels of riders.

Day 5: Depart

The time to depart back home is upon us and our vehicles transfer you back to Nairobi and your flight home.
